### DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th July 1937.

**Forecast of the Summer Til (Sesamum) Crop of Bengal, 1937-38.**

(*Note.*—On an average of the five years ending 1934-35, the area under til in Bengal has represented some 2·4 per cent. of the total area under til in British India.)

*Character of the season.*—At the outset the weather was generally favourable for sowings. Subsequent conditions were also satisfactory for the growth of the crop. Some damage was, however, caused to the crop by drought in Dacca and by excessive rain in Pabna and Mymensingh.

*Acreage.*—The area sown this year is estimated at 158,800 acres as against 131,800 acres last year.

*Outturn.*—From the District Officers' estimates the average outturn of the crop for the province works out at 87 per cent. of the normal this year as against 81 per cent. last year.

Taking the normal yield as 7 1/20 maunds per acre, the gross outturn of the crop for the province is estimated at about 35,800 tons this year as against 29,000 tons last year.

M. CARBERY,

*Director of Agriculture, Bengal.*

## STATEMENT OF OBJECTS AND REASONS.

Under paragraph 6 of Schedule IV of the Devolution Rules under the Government of India Act (5 & 6, Geo. V, c. 61 ; 6 & 7, Geo. V, c. 37 ; 9 & 10, Geo. V, c. 101), the Famine Relief Fund formed part of the general balances of the Government of India who paid annually interest on the balances to its credit such interest being credited to the Fund. Under paragraphs (1) and (5) of Schedule IV to the Devolution Rules, the amount fixed for the Bengal Fund was Rs. 12 lakhs, the annual assignment being 2 lakhs.

2. Under the Government of India Act, 1935, there is no provision for a separate Famine Relief Fund, and the balance at the credit of the old Fund has been handed over to the Provincial Government. This amounts to Rs. 3,39,000.

The aim of the present Bill is to start a Famine Insurance Fund with the existing amount of Rs. 3,39,000 which should be built up to Rs. 12,00,000 by annual contribution of Rs. 1,50,000.

## STATEMENT OF OBJECTS AND REASONS.

There are numerous old irrigation tanks and bunds in Bengal which have become useless, as they have not been kept in proper repair.

The object of this Bill is to provide for the repair and re-excavation of these. The Bill provides first of all for the issue of a notice on the owners of such tanks asking them to execute the necessary repairs. If the owners do not comply with the notice, the Collector may then empower a private person, a local authority or a co-operative society to carry out the repairs and recover the cost in easy instalments from the persons benefited.

There is no expropriation, as the tank or bund is handed back to the original owners in an improved condition, after the cost of excavation and other incidental costs have been recovered.

It is hoped that this procedure will be useful in ordinary times to enable old tanks and bunds to be improved, and that it will be particularly useful in times of famine and scarcity, when it is necessary to excavate tanks to provide employment for labourers.

## GOVERNMENT OF BENGAL.

### Legislative Department.

NOTIFICATION.

No. 2807L.—5th August, 1937.—The Governor having been pleased to order, under rule 19 of the Bengal Legislative Assembly Rules, as modified and adapted under section 84(*3*) of the Government of India Act, 1935, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

## THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1937.

# A BILL

*further to amend the Bengal Public Demands Recovery Act, 1913.*

WHEREAS it is expedient further to amend the Bengal Public Demands Recovery Act, 1913, in the manner hereinafter appearing; Ben. Act III of 1913.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Public Demands Recovery (Amendment) Act, 1937.

Amendment of section 5 of Bengal Act III of 1913.

2. In the proviso to sub-section (*1*) of section 5 of the Bengal Public Demands Recovery Act, 1913, hereinafter referred to as the said Act, after the figures "1912" the words "or on a requisition made by a land mortgage bank registered under the said Act or an assignee of such bank" shall be inserted.

Amendment of Schedule I.

3. After Article 12A of Schedule I to the said Act the following shall be inserted, namely:—

"12B. Any sum due to a land mortgage bank registered under the Co-operative Societies Act, 1912, or any sum due to an assignee of such bank in respect of any principal sum or any interest thereon under a mortgage made to the bank." II of 1912.

### STATEMENT OF OBJECTS AND REASONS.

Five Land Mortgage Banks have been established as an experimental measure with a view to supplying long term loans to agriculturists mainly for redemption of their mortgages and repayment of prior debts and Government have undertaken liability in respect of interest charges on their working capital not exceeding a total of Rs. 12½ lakhs for these banks to be raised by issue of debentures.

Experience has shown that for the success of these banks special summary powers for speedy recovery of their outstanding dues from defaulting members are necessary, but the provisions of the Co-operative Societies Act, 1912 (II of 1912), and the rules made thereunder do not permit recovery of the dues of co-operative societies by certificate procedure except in the event of liquidation. In order to achieve this object as well as to make the debentures more attractive to the public by ensuring the safety of investment as far as possible, it is desirable that the privilege of recovery by certificate procedure should be extended to the Co-operative Land Mortgage Banks.

It is accordingly proposed that the provisions of the Bengal Public Demands Recovery Act, 1913 (Ben. Act III of 1913), be amended in the manner indicated in the Bill.

**5.** (1) Any woman entitled to maternity benefit under the provisions of this Act,— [Cf. Bom. Act VII of 1929, s. 6 and C. P. Act VI of 1930, s. 5.]

(iii) for the whole of the said period, within forty-eight hours of the production of proof that she has given birth to a child.

Provided that a woman shall not be entitled to any maternity benefit or any part thereof, the payment of which is dependent upon the production of proof under this sub-section that she has given birth to a child, unless such proof is produced within six months of the day of her delivery.

(4) The proof required to be produced under sub-section (3) shall be either a certified extract from a birth register under the Bengal Births and Deaths Registration Act, 1873, or a certificate signed by a medical practitioner or such other proof as may be accepted by the employer. [*Cf.* Mad. Act VI of 1935, s. 8 (2).]

(*b*) If any question arises as to whether any notice of dismissal is one to which clause (*a*) applies, such question shall be referred to the Inspector of Factories whose decision thereon shall be final.

## STATEMENT OF OBJECTS AND REASONS.

In chapter XIV of their Report, the Royal Commission on Labour in India observed that "the time is ripe for the introduction of legislation throughout India making a maternity benefit scheme compulsory in respect of women permanently employed in industrial establishments on full-time processes" and suggested that a more general extension of the schemes already in operation in Bombay and Central Provinces should be made. In these schemes, the entire cost of the benefit is borne by the employers.

In 1932-33, Government examined the Central Provinces and Bombay Acts but it was then thought advisable to defer the introduction of the scheme. In 1935, Government, however, decided to proceed with the scheme and ascertained the opinion of industries. It was found that there was a general consensus of opinion in favour of the scheme. In September, 1936, accordingly a Bill drafted on the lines of the Central Provinces and Bombay Acts was circulated for the opinion of the interests concerned. The present Bill embodies modifications and suggestions which Government have thought fit to make in the original Bill in view of the opinions received.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 7th August 1937.

**First Forecast of the Sugarcane Crop of Bengal, 1937-38.**

(*Note.*—On an average of the five years ending 1935-36, the area under sugarcane in Bengal has represented some 7·5 per cent. of the total area under sugarcane in British India.)

*Character of the season.*—At the outset weather was generally unfavourable for planting and in consequence less area was brought under cultivation this year. Subsequent conditions were, on the whole, fair. The growth of the crop was, however, somewhat affected by drought in Dinajpur, Dacca and Rangpur and by excessive rainfall in Mymensingh.

*Area planted.*—The total area planted with sugarcane for the province is reported to be 329,200 acres this year as against 353,200 and 354,800 acres reported respectively in the corresponding and final forecasts of last year.

In my opinion area under sugarcane this year as reported by the Collectors is an overestimate. It will not be more than 248,900 acres in view of the unfavourable weather conditions at the planting time and in view of the unfavourable prices of gur and cane.

M. CARBERY,

*Director of Agriculture, Bengal.*

### Report.

*Re: Election to the Bengal Legislative Council to fill seats to be filled by persons elected by the Members of the Bengal Legislative Assembly*

And

In the matter of

**Shanti Shekhareswar Roy,** son of Raja Sashi Shekhareswar Roy Bahadur of Tahirpur, district Rajshahi, by caste Brahmin, by occupation Zemindar, aged 46 years, residing at present at premises No. 87, Lansdowne Road, Calcutta, a Candidate, Petitioner,

*Versus*

**Rai Surendra Narayan Sinha Bahadur** of Nehalia, post office Jiagunj, district Murshidabad, a returned candidate to the Bengal Legislative Council, Respondent.

The petitioner seeks in this petition a declaration that the respondent, Rai Surendra Narayan Sinha Bahadur, was not duly elected to the Legislative Council and that the election was void. He also prays that the "Election be completed" by recounting of votes and in accordance with the provisions in paragraph 19 of the Government of India (Provincial Legislative Councils) Order, 1936.

The election was to the Legislative Council by members of the Legislative Assembly.

The petition was duly published in the gazette and the parties appeared before the Tribunal in response to a summons for directions on the 12th July.

The petition alleged that the petitioner was a duly nominated candidate for election to the Council.

There were 93 other candidates and 27 vacancies.

The votes were counted on the 27th February and the counting continued until 3 a.m. the following morning when the Returning Officer declared the names of the successful candidates.

The method of voting and of counting of votes is provided by the rules framed by the Governor in Council and contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936. Every elector is entitled to as many preferences as there are candidates to be elected and in giving his vote places on the ballot paper the figure 1 in the space opposite the name of the candidate whom he chooses for his first preference; and the figures 2, 3, 4, etc., in the spaces opposite the names of other candidates in the order of his preference.

The procedure to be followed at the counting of votes is extremely complicated, but for the purposes of this report it may be sufficient to state that each candidate is credited with one vote in respect of each valid paper on which a first preference has been recorded for him, and the Returning Officer then ascertains the total number of valid papers. The total number at this election was 245.

That number is then divided by a number exceeding by one the number of vacancies to be filled and the result increased by one, disregarding fractions, is the number of votes sufficient to secure the return of a candidate, and is referred to as the "quota." The "quota" on this occasion was 9. The rules then provide for the transfer of surplus votes and for the exclusion of some candidates in given circumstances. It is not contested that at one period in the counting 23 vacancies had been filled because the candidates had each achieved the quota of 9. Five candidates remained, two of whom had 8 valid votes, and one 7. The remaining two were the petitioner and the respondent, each of whom had 6 valid votes.

The petitioner alleged that the proper procedure at this stage was for the Returning Officer to select by lot one of the remaining two candidates whose votes were equal and give him an additional vote, a procedure which is provided by paragraph 19 of the Government of India (Provincial Legislative Councils) Order, 1936.

The Returning Officer in fact followed the procedure provided by rule 78 (*6*) of the special rules made by the Governor in Council already referred to for elections to fill seats to be filled by persons elected by the members of the Bengal Legislative Assembly and took into consideration the number of original votes obtained by each of these two candidates and excluded the petitioner who had only 3 original votes to the respondent's 5.

Paragraph 8 of the petition alleged that the nomination of the Maharaja of Santosh had been erroneously accepted on the ground that he was disqualified for election owing to his "holding an office of profit under the Crown in India as President of the Bengal Legislative Council." The Maharaja had not been made a party to the proceedings and no relief had been claimed against him, although the validity of his election was called in question. The respondent objected to this question being discussed in the absence of the Maharaja and contended that it was not relevant to the present enquiry. There was no suggestion that the validity of the respondent's election was in any way affected by the acceptance of the Maharaja's nomination and the only provision in the rules to which we were referred on behalf of the petitioner was paragraph 7 (*c*) of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, which provides that if a nomination has been improperly accepted and by reason of that fact the result of the election has been materially affected the election shall be void.

The Commissioners were of opinion that the question could not be agitated in the absence of the party principally concerned, when no relief was claimed against him, and more particularly in the absence of any allegation that the result of the election was materially affected by the acceptance of the Maharaja's nomination. In the circumstances they ordered paragraph 8 of the petition to be struck out.

Both parties were given inspection of the ballot and other relevant papers on the 17th July, and on the 19th July when the matter was fixed for hearing the petitioner sought to introduce other matters which had not been alleged in his petition, viz., that certain ballot papers

should have been rejected and that there should therefore be a recount. The pleadings had by this time been concluded and the only question outstanding was the question whether the election should be avoided owing to the Returning Officer adopting the wrong procedure.

Paragraph 9 of the petition was in vague and general terms and it contained no allegation that any vote had been wrongly accepted by the Returning Officer. When it was pointed out to the advocate for the petitioner that it could not be allowed to remain in that form without mentioning the specific grounds relied on, he stated that he would confine himself to the ground alleged in paragraph 5.

He was not entitled thereafter to seek to introduce this new matter as particulars under paragraph 9. The application was accordingly rejected and the petitioner was confined to the pleas specified in his original petition.

The following issues were thereafter framed, viz.:—

(1) Did the Returning Officer act in contravention of the rules and provisions of the Government of India Act, 1935, governing the present case as alleged in paragraph 5 of the petition?

(2) Did the Returning Officer erroneously exclude the petitioner and erroneously declare the respondent as elected?

(3) Did the petitioner or his representative at any time during the counting request re-examination and recount of the votes? If not, are there such circumstances as to justify a recount in the present proceedings?

The argument for the petitioner was twofold—

(1) that the Returning Officer had adopted the wrong procedure at the time during the counting of votes when the petitioner and the respondent had each 6 valid votes; and

(2) that even if the procedure actually adopted was applicable at that stage, the rule authorising that procedure made by the Governor of Bengal in Council was invalid as being at variance with an order of His Majesty in Council.

By section 291 of the Government of India Act His Majesty in Council may make orders in Council with regard to, amongst other matters, the conduct of elections and the methods of voting thereat, and in pursuance of that power the Government of India (Provincial Legislative Councils) Order, 1936, was made.

The Fifth Schedule to the Government of India Act provides for the allocation of seats in the Legislative Councils. In Bengal the total number of seats is to be not less than 63 nor more than 65, divided into five classes, viz., General seats, Muhammadan seats, European seats, seats to be filled by the Legislative Assembly, and seats to be filled by the Governor. The Government of India (Provincial Legislative Councils) Order, 1936, deals with all these classes and paragraph 19 on which the petitioner relies is as follows:—

"If when a poll has been taken at an election an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates selected by lot drawn in the presence of the Returning Officer in such manner as he may determine."

Paragraphs 1 and 2 of the Order are introductory; paragraphs 3 to 15 refer to the delimitation of territorial constituencies; paragraph 16 to the qualifications of candidates; and paragraphs 17 to 23 are headed "General". Paragraph 18 clearly refers to territorial constituencies while paragraph 20 is with special reference to an election by members of a Legislative Assembly to fill seats in the Legislative Council. Now the method of election to the Council by members of the Assembly is entirely different to the ordinary method of election, and, in the absence of any specific reference to this particular method of election it is not unreasonable to assume that paragraph 19 is referring to the ordinary method of election applicable to other constituencies.

We may now turn to the special rules for elections to the Council by members of the Assembly which were actually followed by the Returning Officer. These are contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936.

These rules are framed in exercise of the powers conferred by paragraph 20 of the Fifth Schedule to the Government of India Act read with paragraph 23 of Part I of the Government of India (Provincial Legislative Councils) Order, 1936. By paragraph 20(*iii*) of the Fifth

Schedule the Governor in Council is empowered to make rules for the conduct of elections including the application to elections of the principle of proportional representation by means of the single transferable vote. That is the principle which has been made applicable to elections by members of the Assembly to seats in the Council by paragraph 14(*c*) of the Fifth Schedule to the Government of India Act. The procedure to be followed at the counting of votes and in declaring candidates elected is set out in rule 78 and has been referred to briefly in this report.

The importance of the original vote is continually stressed, as for instance in rule 78, sub-rule 5(*e*)(*ii*)—

"If two or more candidates have each the same surplus, regard shall be had to the number of original votes....................":

and in sub-rule 6(*c*) which was the rule followed by the Returning Officer in this case it is provided—

"If when a candidate has to be excluded under this sub-rule, two or more candidates have each the same number of votes and are lowest on the poll, regard shall be had to the number of original votes credited to each of those candidates and the candidates with the fewest original votes shall be excluded."

The resort to chance is to be made only under sub-rule 5(*d*)(*iii*) when the original votes are equal.

Part IV of the rules does not apply to the special election by proportional representation for which special rules are framed.

The Commissioners have considered carefully the arguments on behalf of the petitioner and they feel no doubt that the procedure adopted by the Returning Officer was the correct procedure at an election to the Legislative Council by members of the Legislative Assembly. They are of opinion that paragraph 19 of the Government of India (Provincial Legislative Councils) Order was not intended to apply to such an election except possibly in the event of there being an equality of original votes, followed by an equality of votes at all subsequent stages, a condition which was not present in the election under consideration. It follows that the rules contained in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules are valid and operative, and not at variance with paragraph 19 as suggested.

It was argued for the petitioner that rule 78(*6*) was not applicable at the stage of counting at which it was applied by the Returning Officer on the ground that this rule can only come into operation when a transfer is intended.

The count records were produced before us and it appears that the stage at which this equality of valid votes as between the petitioner and respondent was reached was the stage at which none of the candidates had a surplus. At that stage the Returning Officer had to exclude from the poll one of the continuing candidates under rule 78(*6*)(*c*) and he excluded the petitioner who had fewer original votes. If any transfer were necessary at that stage, it would have been a transfer of the votes of the petitioner but once the petitioner was excluded the last vacancy was filled and any votes then transferred would have been valueless. In fact the position contemplated by rule 78, sub-rule 8 (*c*) had been reached, and no further transfer of votes need be made.

The respondent was therefore rightly declared to have been elected.

There is no evidence that the count was at any time challenged or a recount asked for. It is argued that the Returning Officer became confused and counted rejected papers together with valid papers. There is not a scrap of evidence to justify any such finding. The Returning Officer gave his evidence very fairly and stated that the figures were checked at every stage.

The Commissioners are of opinion that the respondent was duly elected and that this petition should be dismissed with costs, which they assess at Rupees one thousand to be paid by the petitioner to the respondent, and they report to His Excellency accordingly.

**Conditions.**

1. The Officer holding the auction is not bound to accept the highest or any offer for any lot. The sale of any lot, the value of which exceeds Rs. 5,000, shall not be complete until confirmed by the Conservator of Forests, Bengal.

2. Successful bidders shall immediately deposit as earnest money one-tenth of the total bid direct into a Treasury or Sub-Treasury and present the receipted chalan to the Divisional Forest Officer. The money will be returned if the sale is not confirmed and will be retained as security deposit if the sale is confirmed.

3. Purchasers will be required to deposit security as follows:—

(1) For Clear Felling Lots, 10 per cent. of the purchase money.

(2) For Selection Coupes, 15 per cent. of the purchase money.

## THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1937.

# A

# BILL

*further to amend the Bengal Municipal Act of 1932.*

WHEREAS it is expedient further to amend the Bengal Municipal Act of 1932 in the manner hereinafter appearing;

It is hereby enacted as follows:—

This Act may be called the Bengal Municipal Amendment Act of 1937.

It extends to the whole of Bengal.

**1.** From section 16 of the Bengal Municipal Act, 1932, the words "three-fourths of" be deleted; provisos (*1*) and (*3*) also be deleted from that section.

**2.** Section 17 of the said Act also be omitted.

**3.** For section 18 *substitute* the following:—

"Notwithstanding anything contained in section 16 the local Government by notification, stating the special circumstances may, in the case of a Municipality the development of which is dependant on the concentration of industry or industries, appoint Commissioners not exceeding one-fifth of the total number of Commissioners in order to secure the proper representation of such industry or industries and of labour employed therein or create special constituencies for the same or reserve seats for the same in the general constituency."

**4.** *Omit* words "or section 17" from the 4th line of section 19, sub-section (*1*).

**5.** *Substitute* the following in place of section 23, sub-section (*2*) and the rest of section 23 except sub-section (*1*):—

"A person shall not be entitled to vote at an election of Commissioners in any Municipality unless such person has attained the age of 21 years and is a British subject or the subject of any State in India, or being an alien has been exempted from the disabilities imposed by the Bengal (Aliens) Disqualification Act of 1918, and has for a period of not less than full twelve months been resident within the limits of the Municipality, or has for the said period immediately preceding the election been owner of a holding, or been in occupation of a holding within the Municipal limit."

**6.** In section 24, sub-section (*3*), after the words "every fifth-year" *add* —

"Counting from the date of the 1st meeting of the newly elected Commissioners as mentioned in sub-section (*1*) of section 24."

**7.** In section 56, sub-section (*1*)(*a*)(*b*), sub-sections (*2*), (*3*) (*4*) and (*5*), *substitute* the words "five years" in place of words "four years" wherever it occurs in that section.

**8.** After sub-section (*3*) of section 108 *add* as sub-section (*4*)—

provided that every Municipality shall have to spend at least 10 per cent. of its income in primary education.

*The Bengal Municipal (Amendment) Bill, 1937.*

*(Clauses 9—14.)*

**9.** In section 125, sub-section (*1*), clause (*b*), after the word " agriculture " in the second line *add* " or any holding which is used exclusively as a place of worship to which the public have free access without payment."

**10.** In section 126, sub-section (*1*), clause (*b*), *add* after " within such area " in the fourth line, " on holding exclusively used as a place of public worship."

**11.** In section 166 after the word " rate " in the third line, *add* " or any other municipal due."

**12.** In section 302, sub-sections (*1*) and (*2*), *substitute* the word " owner " in place of the word " occupier " wherever it occurs and *omit* sub-sections (*3*) to (*6*) from that section.

**13.** In section 309, sub-section (*1*), after (*g*) *add* a new clause (*h*) as follows :—

(*h*) On non-payment of excess water charges after Bill and demand Bills have been duly served.

**14.** At the end of section 423 *add* " on payment of such fee as fixed by the Municipal Commissioners at a meeting held from time to time for the purpose."

## STATEMENT OF OBJECTS AND REASONS.

With the widening of franchise and abolition of nominated block from provincial assemblies and with the redevelopment of democracy, it has become imperative to do away with the nominated block from the Municipal bodies to introduce adult franchise to keep pace with the progressive countries.

**Clause 2.**—With the doing away of the system of Government nomination this provision in section 17 would not be necessary.

**Clause 3.**—This gives powers to appoint Commissioners to represent labour or reserve seats for the same.

**Clause 4.**—In section 17 it is omitted, so the reproduction of it in section 19 has to be omitted.

**Clause 5.**—This is a most important clause. It proposes to introduce adult franchise at least in all urban areas. There is a great demand for introduction of adult franchise and urban areas are the fit places where this may be tried before it is introduced throughout the whole country.

**Clause 6.**—This proposes to increase the life of a Municipal Corporation from 4 to 5 years. This is necessary in view of the fact that the life of provincial assemblies and that of a district board under some conditions have already been increased from 4 to 5 years and there is no reason why the life of a Municipal Board should not be increased.

**Clause 7.**—This is necessary in view of the proposal embodied in clause 6.

**Clause 8.**—This is necessary to compel the Municipal Corporation to pay more attention to Primary Education. Though Act of 1919 was passed and Mr. Biss submitted his scheme long ago, few Municipalities have taken advantage of this Act.

There is no denying the fact that most of the Municipal Boards show very little interest in this direction, hence the necessity of adding such provision as proposed.

**Clauses 9 and 10.**—The mosques, temples, churches, i.e., all places of public worship, have been exempted from payment of house rate but have been made liable to payment of water and conservancy rates. As there is no owner of these religious places, the impositions made by way of water rate and conservancy simply accumulates year after year and have to be remitted as irrecoverable, hence the necessity of the proposed restriction in imposition of conservancy and water rates.

**Clause 11.**—This is necessary in view of proposed substitution of the word "owner" in place of "occupier" as in subsequent clause 12.

**Clause 12.**—This is necessary as occupiers are changing body and often leave the holding without giving previous notice and in practical working it is found that it is not easy to realise excess water charges from the occupiers who often change holding and leave the Municipality for ever. As the owner is not liable, the Municipal Board suffer yearly loss on account of non-realisation of excess water charges and ultimate writing off the same on ground of irrecoverability.

**Clause 13.**—This is necessary for speedy realisation of excess water charges.

**Clause 14.**—This is necessary to clear the present doubt.

## GOVERNMENT OF BENGAL.

### Bengal Legislative Council.

NOTIFICATION.

No. 1694L.C.—21st August, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

## THE STATE PROVISION BILL FOR CLINICAL AND BACTERIOLOGICAL EXAMINATION, 1937.

# A

# BILL

*to provide for the establishment of laboratories in all district headquarters for clinical and bacteriological examination of blood, sputum, stool, pus, urine, vomit and preparation of vaccine, etc., under the control and supervision of the Medical Department.*

WHEREAS it is expedient to make provision for conducting clinical and bacteriological examination of blood, sputum, stool, pus, urine and vomit and preparation of vaccine, etc., of all sundry requiring such examination in and about district headquarters;

It is hereby enacted as follows: —

**1.** (*a*) This Act may be called the State Provision Act for Clinical and Bacteriological Examination, 1937.

(*b*) It shall come into force on such date as the Governor in Council may, by notification in the *Gazette of Calcutta*, appoint.

**2.** In this Act, unless there is anything repugnant in the subject or context,—

"clinical examination" means such scientific examination as will afford adequate guidance to medical men in arriving at the correct diagnosis;

"bacteriological examination" means such cultural and other scrutiny as will bring out all the factors which will lead medical men to understand the symptoms effectively;

"clinical and bacteriological examination" means thorough scientific scrutiny and examination of blood, sputum, stool, urine, and vomit, etc., of all such or any number of them so as to lead to a correct diagnosis and proper treatment;

"district headquarters" means headquarters of each district in the province of Bengal.

**3.** A department equipped with all modern appliances and fittings is to be established as an adjunct to the civil hospital already existing in each district headquarters for undertaking clinical and bacteriological examination of blood, sputum, stool, urine and vomit, etc., as the case may be, at such fees as will be accessible to the poor and placed under the supervision of the Medical Department in the province of Bengal.

**4.** The function of such a department shall be to engage in the examination of the specimens sent or submitted to it and not to undertake the treatment of the cases to which they will relate.

**5.** The officer in charge of such a department shall be a fully qualified person in the line known as the Public Analyst and shall be assigned only such duties as he is specially intended.

**6.** The Public Analyst will be placed in a special grade and shall be governed as regards pay, preferment, leave and allowances as the Assistant Surgeon.

**7.** The result of examination conducted by the department is to be supplied to the party concerned in the proper form and a copy thereof is to be retained in the office.

## STATEMENT OF OBJECTS AND REASONS.

The disadvantages and difficulties experienced by people residing in far-off district towns, subdivisions and neighbouring villages away from Calcutta in the matter of clinical and bacteriological examination of blood, sputum, urine, stool and vomit, etc., are too well known. The rich and well-to-do are enabled to obviate those troubles by coming over to Calcutta, and availing themselves of resources present in Calcutta. But the poor and resourceless have invariably got to suffer, as they cannot avail themselves of the benefits of such examination by reason of the absence of proper facilities near about them.

What my Bill aims to achieve is to remove those difficulties of the poor whose means do not allow them to come to Calcutta, stay there and engage the services of the specialist for examination of blood, sputum, urine, stool and vomit, etc., by getting the Government to establish a laboratory at all district headquarters where such examination will be undertaken at cheap prescribed fees suiting the means of the poor. The costs of such an innovation will have to be met partly from the fees realised, partly from the grant on Public Health and Sanitation under the head "Medical" and partly from contributions from district boards and municipalities.

## THE BENGAL PATNI TALUKS REGULATION (AMENDMENT) BILL, 1937.

## A

## BILL

*further to amend the Bengal Patni Taluks Regulation, 1819.*

WHEREAS it is expedient further to amend the Bengal Patni Taluks Regulation, 1819, in the matter hereinafter appearing;— Reg. VIII of 1819.

It is hereby enacted as follows:—

Short title.

**1.** This Act may be called "The Bengal Patni Taluks Regulation (Amendment) Act, 1937."

Amendment of sec. 14 of Reg. VIII of 1819.

(1) In section 14—the words "or on any other ground" after the words "no balance due" and before the words "to sue the zemindar"—be omitted and in their place the following be substituted:—*e.g.*, "or on the ground of a material irregularity or fraud in publishing and conducting the sale."

(2) The following provisos be added after the second paragraph of section 14:—

"Provided as follows:—

(a) no sale shall be set aside on any such ground unless the court is satisfied that the plaintiff has sustained substantial injury by reason of such irregularity or fraud, and

(b) no plaint filed by the party desirous of contesting the sale shall be admitted unless the plaintiff either deposits the amount of the claim of the zemindar for which the sale in question was held or satisfies the court, for reasons to be recorded by it in writing, that no such deposit is necessary."

## STATEMENT OF OBJECTS AND REASONS.

After the amendment of the Patni Regulation by Bengal Act IV of 1933—the position of the patnidars has been made similar to other tenants by section 14A of the Act. The hardship complained of by the patnidars has been removed. Under the circumstances, there is no reason why the patnidar should not take advantage of the same position as other tenants even with regard to set aside a patni sale. The words "or on any other ground" are too vague and enable the plaintiff to bring in all sorts of frivolous objections. The amendment proposed is on the lines of section 174(3) of the Bengal Tenancy Act.

The proviso proposed to be added is also on the similar line and follows the Bengal Tenancy Act as far as possible. Much confusion and uncertainty as to the real intention of the proviso (b), clause (3) of section 174 of the Bengal Tenancy Act has been caused by the words "that no application shall be allowed unless the applicant deposits the amount recoverable from him, etc." It is proposed to remedy the evil by enacting that no plaint shall be admitted unless the zemindar's claim is deposited. It is a matter of common knowledge that in order to evade payment of zemindar's dues, suits to set aside patni sales are brought in 95 cases out of 100. On account of the stringent provisions of the Regulation leaving no room for the patnidar to pay up his dues after the mehal was sold—such suits were always being brought. But now that the grievance has been removed—it will have to be seen that the zemindar or the purchaser does not suffer by the institution of false and vexatious suits to set aside the sale.

It is often found that a patnidar who is not able to make the payment even within the days of grace now allowed for him, will never be in a position to pay his patni rent and, consequently, his only object is solely to harass the purchaser and the zemindar by instituting a suit in order to extort some money from the purchaser who in order to save the troubles and expenses of a protracted litigation, invariably compromises the case by paying an adequate sum. It is often found that even when the zemindar and the purchaser agree to set aside the sale, the outgoing patnidar does not take advantage of the offer, as he cannot afford to pay but proceeds with the case. Even when the sale is set aside, he cannot pay or make deposit of the amount for which the tenure has been sold and zemindars have to bring fresh rent suits for his dues which means trouble and delay for another two or three years at advantage of the outgoing patnidars. The law should be such that no opportunity is given to any of the parties to harass the others. With regard to the confusion and uncertainty as to the real intention of the proviso (b), clause (3) of section 174 of the Bengal Tenancy Act, I want to make it clear by reference to two recent rulings on the point. In Mafizuddin *vs.* Mafizuddin (I. L. R. 61, Cal. 338—38 C. W. N. 334—59 C. L. J. 69) Lort William J. held that the word "allowed" becoming in the proviso does not and cannot mean that the court would not "entertain" the application for setting aside the sale unless the deposit is made. It only knows that the court would not "grant" the relief asked for in the application; so he decides that the deposit is not to be made before the application is heard. M. C. Ghose J. agrees with Lort William J. He observes this:—"If the Legislature had intended that the amount should be deposited before the court had gone into evidence, they would have used the word 'admitted' as they have done in sub-section (5) to section 174, Bengal Tenancy Act." This case was decided on the 20th December, 1933.

A few months after the point was considered by Mukerjee, Acting C. J., and S. K. Ghose J., they doubted the interpretation put on the proviso in Mafizuddin's case and observed:—"We are very doubtful if it was not the intention of the Legislature that the word 'Allowed' in the clause should be read in the sense of 'entertained,' because we are unable to hold that unless it is so read, the difficulties can be solved." (**Kulada Prasad Majumdar** *vs.* Kumar Prativa Nath Roy, 60 C. L. J. 112, decided on 24th July, 1934.) I have therefore used the word "admitted" in the place of "allowed."

## STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to do away with nomination in local bodies and also to extend the franchise to include all adult persons within the area under the control of a local body.

The reasons for such amendment are obvious. One of the purposes of Local Self-Government is to associate the people in the administration of their own affairs and thus train them in methods of Government. Nomination cuts across the principle of representation, and the system as it now obtains leads to the anomalous position in which a person in spite of the opposition of the majority of elected members in the local body may be, and often is, elected Chairman of the District Board or President of Union Board, with the help of the nominated members. This encourages ambitious and designing persons to court the favour of local officials in order to secure their position, instead of attempting to win the confidence of their electorate through useful and hard work.

With regard to the extension of franchise, it is generally admitted that the representation should be as wide as possible. All kinds of arguments are advanced against such extension in the case of the legislatures, but even these arguments concede that the franchise ought to be co-extensive with the adult population of the country. In the case of the local bodies, these arguments have hardly any force, and besides, local bodies should be treated as the training ground in which people learn to prepare themselves for the use of the franchise in the wider sphere of national affairs.

## STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a serious grievance of the people of Lake Area in the matter of representation in the Corporation of Calcutta. A man conversant with local needs would have helped a good deal in the betterment of the sanitary condition of the locality. Some of its lanes, bye-lanes, bustees, marshes and drains clearly indicated how it has been relegated to the cold shade of neglect and indifference, though the Lake Area is being inhabited by the most enlightened people who have invested their life's savings in building houses. The area is fast developing and the large number of voters justifies the creation of a separate unit which requires the constant service of a Ward Councillor. This unsatisfactory state of things was to a certain extent due to want of proper representation of Lake Area in the Corporation of Calcutta. Its growing importance justified its treatment as a separate unit. Moreover, the area of Ward 27 was a large one, consisting of nearly 4,000 voters, while other areas having less than 1,500 voters have got one Ward Councillor. In this Bill, I propose to take out of Ward 27, the Lake Area, and create a separate Ward for it, numbered as Ward 27A. As to the number of Councillors, I propose to allot one Councillor to Ward 27 and one Councillor to Ward 27A. I hope that the proposed amendment will help to remove a legitimate grievance of the ratepayers of Lake Area, at whose instance this Bill is being introduced in the Council.

### Bengal Legislative Council.

NOTIFICATION.

No. 1701L.C. — 23rd August, 1937. — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84 (*3*) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 12th August, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

**THE BENGAL AGRICULTURAL DEBTOR'S AMENDING BILL, 1937.**

# A

# BILL

*to amend the Bengal Agricultural Debtor's Act of 1935.*

WHEREAS it is expedient to provide for relief of indebtedness of agricultural debtors more completely and efficiently ;

It is enacted as follows :—

**1.** This Bill may be called the Bengal Agricultural Debtor's Amending Bill of 1937.

**2.** It extends to whole of Bengal.

**3.** It shall come into force with the Bengal Act VII of 1936, in such areas and from such dates as the local Government may by notification direct.

**4.** Section 19 (*1*) (*b*) of the Act shall be replaced by the following section.

" When the creditors and debtors do not agree to any amicable settlement or either of them do not appear in spite of notice the Board of its own initiation shall adjudicate such amount as payable to each non-agreeing or absentee creditor as it considers fair, but in so doing interest shall in no case be allowed at more than 12 per cent. simple interest on the actual principal."

**5.** In the proviso to section 19 (*1*) (*b*), in the first line after the words " Clause (*a*) " the word " Adjudication " shall be substituted for the word " Offer."

**6.** The " Explanation " given at the end of section 19, shall be deleted.

**7.** In section 25 (*1*) a new clause (*h*) shall be added after the clause (*g*) and it shall run as follows :—

" (*h*) An order showing which plots belonging to the debtor shall be treated as transferred in usufructuary mortgage for what period (not exceeding 20 years in the aggregate) to each creditor for enjoyment in satisfaction of the decree under the award."

**8.** Section 9 of the Act shall be replaced by the following :—

"9. A joint debt whether ancestral or incurred by the debtor, shall also form subject matter of settlement under section 19 or insolvency under section 22, and in case of such debts the Board after due notice to all the creditors and debtors concerned, shall settle the amount payable by the applicant-debtor to each creditor and shall include such amounts in the award and provide for their satisfaction under section 25 :

Provided however that such separate settlement of joint debt shall be binding on the creditors so far as the award is concerned, but it shall not entitle the debtor to claim right to separate payment in any future suit or proceedings :

Provided further that an order of the Board under this sub-section shall not affect the liability of any other person who is jointly liable with the debtor for the debt, and in no case shall the creditor to whom the debt is due, be entitled to realise more than his proportionate dues from the person jointly liable."

**9.** In view of the above amendments necessary corollary changes shall be made in sections 7, 21, 28, 29 and any other section affected by the proposed amendments.

## STATEMENT OF OBJECTS AND REASONS.

The Agricultural indebtedness of Bengal is largely due to exhorbitant rate of interest charged by the creditors and readily agreed to by the debtors for want of proper Banking facilities. It is the duty of the State to intervene and pull out the debtors from the pit in which they have fallen for reasons not within their control. Agriculturists are the backbone of the country and the prosperity of Bengal depends on the sound economic position of its agriculturists. The interest of the agriculturists has been neglected too long and now when the Legislature have realised the necessity of improving their economic condition by enactments, they should be not half-halting. The Bengal Agricultural Debtor's Act, 1935 (Bengal Act VII of 1936), is defective in dealing with cases when amicable settlement proposals fail. To wait for 40 per cent. amicable settlement and then to give award against non-agreeing creditors, is bound to result in dead-lock in 90 per cent. of cases. Section 21 of the Act is contemplated to give redress to the debtors who offer "fair proposals," but why should not the Board of its own motion examine each debt and determine the amount which is *fairly payable* to each creditor and include them in the award, irrespective of the fact whether the creditors or debtors have agreed or not? If the Boards can give certificates of "fair offer" they can as well determine the amount fairly payable to each debtor according to certain definite principles to be laid down in the rules under the Act and settle all debts once for all. All we need see is that we are not unreasonable, and in trying to help the agriculturists we may not be too hard on the creditors who after all were the only financiers and so long helped the agriculturists in time of need. Twelve per cent. simple interest is not an unreasonable rate and it will certainly be considered by all reasonable men as a good return for the money invested in loans to agriculturists. In the Bill, therefore, provision is made for settlement of debts by adjudication when parties disagree or either of them do not appear in spite of notice.

2. The procedure of recovery of amounts included in the award by certificate on failure of payment of any instalment is bound to result in hardship and involuntary sales. The economic condition of 90 per cent. of the debtors is so precarious that in most cases they will fail to pay the instalments and the certificate procedure will only hasten their ruin. In order that the Act may be of real benefit to the agricultural debtors, it is proposed that instead of merely noting in the award, the amount payable to each creditor on each instalment, the Board shall by order transfer 2/3 of the lands of the debtors to the creditors in usufractuary mortgage for fixed periods for clearance of all debts—the entire land reverting to the debtors free from all debts after 20 years or lesser period. Unless some such compulsory provision be made for ensuring payment of instalments, the labours of the Boards will be entirely wasted.

3. Joint debts are stumbling blocks to debt settlement and unless section 9 of the Act is substantially modified, most of the joint debts will remain untouched. It is desirable to provide for clearance of debts of all descriptions including joint debts so that the agriculturists may be allowed to start with a clean slate within next 15 or 20 years. Separate settlement of the applicant debtors' portion of joint debt as a special contingency is therefore proposed to be provided for with a saving clause that it will not give the debtor any right to claim such separate treatment in any future suit or proceedings.

4. If the amendments as proposed in paragraphs 1, 2 and 3 are passed the Debt Boards will be able to deal with all cases of agricultural debts completely and efficiently. Where the debt is capable of clearance award will be given and orders passed transferring 2/3 of debtor's lands in temporary usufractuary mortgage for a fixed period not exceeding 20 years but when the debt will be found incapable of clearance, insolvency orders will be passed and 2/3 of the debtor's properties sold for payment to all creditors proportionately.

6(B) It shall be lawful for the Corporation of Calcutta or other municipal bodies in towns where this Act applies to refuse to grant or renew licenses for *khatals* in building with boundary walls or when granting or renewing licenses to insist upon the licensees to keep the *khatals* open on all sides to facilitate the detection of any offence against section 6 of Act I of 1920.

Insertion of sub-section to section 28 of Act I of 1920.

**5.** In section 28 of Act I of 1920, the following sub-sections shall be inserted:—

28(A) The Executive Officer of the Calcutta Corporation or the chairman of any municipal body of such other town or place to which this Act applies or may be extended, upon information in writing and upon such inquiry if he thinks necessary has reason to believe that an offence against section 6 of Act I of 1920 is being or is about to be or has been committed in any place, he may at any time by day or by night without notice either himself enter and search or, by his writing, authorise any officer not below the rank of Overseer or Engineer or Sanitary Inspector of his municipality to enter and search the place; and such person may arrest without warrant any person committing in his view any offence against section 6 of the said Act.

## STATEMENT OF OBJECTS AND REASONS.

The object of this Act is to put an effective check on prevent and stop the crime known as *phooka* by amending Act I of 1920, which so far has not proved to be very efficacious in that respect. The practice of operation of *phooka* by the *gowalas* for wringing the last drop of milk from the milk cows and other milk animals is very prevalent in and around Calcutta and Howrah. There are *khatals* in buildings with boundary walls to avoid detection of the crime; and often times the *gowalas* to avoid the operation of the law to prevent cruelty to animals keep their *khatals* scattered over the districts of 24-Parganas and Howrah just beyond the line where the Bengal Prevention of Cruelty to Animals Act, 1920, is in operation. The practice is so cruel, abominable and heinous that even the Viceroy of India felt called upon to denounce it. Several meetings, very largely attended, presided over by eminent persons in one of which Mr. Fazlal Huq the Premier of Bengal also spoke, were held denouncing the crime and called upon the Legislators and the Government to undertake legislation or amendment of the Existing Law (Act I of 1920). The present Act does not give sufficient scope and authority for the purpose of detecting and eradicating the atrocious practice of *phooka*. In spite of the fact that for some years past, there were prosecutions of some offenders ending in conviction and fine, the crime shows no sign of diminution.

The operation of *phooka* on milch cows which are held in reverence by the Hindus and upon other milch animals is so cruel and so revolting in all conscience and its practise so extensive that to put an effective check on it, amendments to the Bengal Cruelty to Animals Act, 1920, have become imperative.

Hence this measure.

## THE SCHEDULE.

Persons who are entitled to have their names inserted in the Register of Registered Practitioners. (*See* Section 10.)

### *Indian List.*

**1.** (*1*) Licentiates in Dental Surgery of the Calcutta Dental College and Hospital.

(*2*) Graduates and licentiates in Dental Surgery of any University or Dental Board established by an Act of the Indian legislature or of a provincial legislature.

(*3*) Persons holding qualifications registrable under the Bengal Medical Act and who at the time of passing of this Act are bona fide engaged in the practice of Dentistry or Dental Surgery either separately or in conjunction with the practice of Medicine or Surgery.

### *Foreign List.*

**2.** (*1*) Persons holding qualifications registrable under the British Dentists Acts, 1878 and 1921.

(*2*) British Indian subjects holding foreign dental qualifications, which entitle them to practice in the country where the qualification was obtained.

## STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to regulate the present state of anarchy prevailing in the profession of Dentistry in Bengal. Qualified practitioners have to compete with unqualified men, and the result is not only injurious to the development of dentistry, but also forms a menace to the health of the province. The Government have themselves felt the need of regulations and appointed a few years ago a committee to enquire into the present conditions of dental education in the province and make necessary recommendations.

The present Bill has been drafted in conformity to the suggestions of the said enquiry committee. The problem of regulation is even more urgent to-day, as a large number of foreign dentists of doubtful qualifications have invaded the market and are competing with the trained practitioners. It is proposed to lay down certain conditions for registration as a dental practitioner and in the future allow only such registered dentists to practice the profession of dentistry in the province.

## THE BENGAL REVENUE SALES (AMENDMENT) BILL, 1937.

# A

# BILL

*to amend the Bengal Revenue Sales Act (Act XI of 1859).*

WHEREAS it is expedient further to amend the Bengal Revenue Sales Act XI of 1859 in the manner hereinafter appearing ;

It is hereby enacted as follows :—

This Act may be called the Bengal Revenue Sales (Amendment) Act of 1937.

It extends to the whole of Bengal.

After section 37 of the Bengal Revenue Sales Act XI of 1859, the following new section may be inserted as sections 37A, 37B and 37C, respectively.

37A. Where immovable property has been sold for non-payment of revenue or other due in due time under the provisions of the Bengal Revenue Sales Act, any person, either owning such property, holding an interest therein, or any person whose interests affected by the sale may, at any time within thirty days from the date of the sale, apply to the collector or the officer holding the sale on his depositing in the court of collector or the officer holding the sale—

(*a*) For payment to the collector or the officer holding the sale the amount specified in the notice or proclamation of sale as that for the recovery of which the sale was ordered, with interest calculated from the date of the certificate to the date when the deposit is made at the rate of 6 per cent.

(*b*) For payment to the purchaser as penalty a sum equal to 5 per cent. of the purchase money but not less than rupee one and for payment to the collector where sale is held for a public demand payable to the collector such outstanding charge due to the Government under any law for the time being in force as the collector certifies to be payable by the applicant or by the estate in default.

37B. (*a*) When in the case of an application under section 37A the deposit required by that section is made within thirty days from the date of sale, the collector or any officer empowered by him shall make an order setting aside the sale provided that no order shall be made unless notice of the application has been given to all.

(*b*) No suit to set aside an order made under this section shall be brought by any person against whom such order is made.

37C. Where a sale of immovable property is set aside under section 37B, the purchaser shall be entitled to an order for refund of his purchase with the penalty, or to an order of repayment, with or without interest, as the court may direct, against any person to whom it has been paid, as the case may be.

## STATEMENT OF OBJECTS AND REASONS.

Clauses 37A, B and C are proposed to be inserted in order to provide some opportunity to the owners and the persons having interest in the immovable property which are sold at auction under the provision of the Bengal Revenue Sales Act XI of 1859 as are provided by order 21, rule 89 of the Indian Civil Procedure Code and provision of Public Demands Recovery Act of 1913. Recently, similar provisions have been made in the cases of sales of Patni Taluks. The absence of a provision of law similar to the proposed one is causing hardship and suffering to the proprietors and the persons affected by the sale in more than one way. In majority of cases the estates are sold not so much for the fault of the proprietors as for other causes and without the knowledge of actual proprietor and persons affected by the sale. Sometimes minor owners lose all by the sale brought about by some designing person. Sometimes some of the co-sharers deceitfully bring about the sale of the estate and purchase in favour of some of their relations or protégés in order to deprive some other co-sharer of due share in the estate. The Government revenue would not be affected as the proposed conditions for setting aside the sale are stringent enough to ensure the realisation of Government dues.

## STATEMENT OF OBJECTS AND REASONS.

The object of the Bengal Local Self-Government Amendment Bill, 1937, is to do away with nomination to local bodies and also to extend the franchise to include all adult persons within the respective areas of local bodies.

The reasons of such amendment are obvious. The principle of nomination has made local self-government a mockery, and hindered the growth of healthy public opinion and a corporate spirit. The restriction of the franchise has resulted in the creation of cliques and groups who run local bodies for their own interest rather than that of the public in general. It is to remedy that state of affairs that the present Bill is contemplated.

*(Sections 10—14).*

Provided however that with Circle Officer's previous sanction the maximum paid in the whole year to a single person may be raised up to Rs. 12 only.

**12.** Monthly returns of loans and weekly returns of gratuitous relief shall be submitted to Circle Officer by the Presidents of Union Boards.

**13.** Circle Officers shall check and audit the accounts of the loan and gratuitous relief and shall also satisfy themselves that the loan and the relief are properly granted in every case.

**14.** Circle Officer shall submit his annual audit report to Collector through Subdivisional Officers in respect of all the unions under his charge.

## STATEMENT OF OBJECTS AND REASONS.

In most parts of Bengal at least 25 per cent. of the people do not get even one meal a day during certain part of the year when no employment is available on agricultural works. The agricultural labourers as well as the poorer agriculturists drag a miserable existence during such slack season and the indigents who live on alms or who have to depend entirely on others have also to starve in silence during such time. It is the duty of the state to help the labourers and poorer agriculturists with short-term loans, and the indigent with doles for tiding over those temporary difficulties. Provision is made in this bill, therefore, for granting of short-term loans with no interest but with penalty for default to agricultural labourers and poorer agriculturists for subsistence purpose on joint bond system. Provision is also made for granting gratuitous relief to the indigents to a very limited extent. All civilized countries of Europe have got poor laws of a much extensive character necessitating a huge provision in the Budget. Here in Bengal we should at least give a start to such poor laws by making a modest provision for protecting the people of rural areas from starvation.

**17.** Omit sub-clause (*a*) from sub-section (*2*) of section 18.

**18.** Omit section 21 and section 17A.

## STATEMENT OF OBJECTS AND REASONS.

It is universally admitted that there is a necessity of a great improvement in the condition of primary education in Bengal.

There is a great demand for free and compulsory primary education which is the foundation on which alone a nation's progress in all spheres of life rests, and it is thought the only remedy for the removal of mass illiteracy. To remedy this state of affairs the Primary Education Act, of which Mr. Surendra Nath Roy was the author, was passed in 1919 and though more than 16 years have passed, it has produced very little effect. Out of 128 Municipalities only one Municipality, viz., Chittagong, has introduced free and compulsory primary education, and that also for boys only, because the option in the matter was left to the discretion of local bodies. Similarly the scheme prepared by Mr. Biss under which Government undertake to pay half the cost, both capital and recurring, of primary education in any town has made little headway and because local bodies have proved reluctant to find even half the necessary funds. So it is necessary that some much more drastic and effective steps should be taken to compel the Municipalities to introduce free and compulsory primary education in the course of 5 years.

The main objects of this amending Bill are

(*1*) To provide compulsory attendance at school of all children of ages between 6 to 11 years within the course of five years.

(*2*) To make provision for religious instruction in primary schools.

## STATEMENT OF OBJECTS AND REASONS.

The rights of cultivators as against their landlords have been safeguarded by the Bengal Tenancy Act, but there is no law safeguarding the rights and interests of fishermen who form a considerable part of the rural population of this Presidency. In consequence of this, the fishermen are subjected to various exactions at the hands of their immediate landlords, but more particularly from those of the middlemen. It is the general practice in all large fisheries that the proprietor in making settlement with fishermen stipulates that the catches should be sold to his nominee only and to no one else. This nominee also pays a heavy rent or present for his privilege. There are also innumerable exactions in various parts of the country under different names. This system has reduced the fishermen to extreme poverty and their condition in every district is most pitiable. This short Bill is introduced in order to ameliorate the condition of this worthy class of workers, to save them from payment of exorbitant rate of interest from 75 to 150 per cent. and to increase the fish supply, which is considered a part of the staple food of Bengal.

With a view to encourage co-operation and through it saving the fishermen from the hands of middlemen and proprietors, this Bill is introduced.

Dacca, the 6th August 1937.

**First Forecast of the Cotton Crops of Bengal, 1937-38.**

(*Note.*—On an average of the five years ending 1935-36, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

*Character of the season.*—The weather was generally favourable for sowing and for the early period of growing. The present outlook is reported to be satisfactory on the whole.

*Area sown.*—The area sown is reported to be 77,468 acres this year as against 74,222 acres in the corresponding forecast of last year. The increase in area is attributed to the rise in price of cotton.
